

NORTH SHORE RADIOLOGY & NUCLEAR MEDICINE

Dr. S [REDACTED]
[REDACTED]
[REDACTED]

Location: North Shore Radiology
Examined: 1 October 2021
Reported: 1 October 2021
Acc No: 88.1179421

cc: Dr Ma [REDACTED]

Dear Dr [REDACTED]

Re: Mr Michael [REDACTED] - Folio No: 26.00712251
DOB: [REDACTED]

XRAY Hip Right, XRAY Pelvis

Clinical History:
Right hip stress fracture

Comparison:
10/8/2021

Findings:
Fracture of the right inferior pubic ramus remains visible with altered trabecular pattern in this region. The right iliopectineal eminence fracture is difficult to appreciate radiographically although there is subtle increase in density in this region. Moderate hip joint space narrowing bilaterally with bilateral coxa profunda deformity. Insufficient femoral head neck offset bilaterally.
